

## **Diagnostic Survey of Present Status of Traditional Brick Kilns (Clamped Kiln) in Nagpur District**

**Principal Investigator- Dr. Anant Deogaonkar, Assistant Professor, DMT, RCOEM.**

Department of Management Technology ,Shri Ramdeobaba College of Engineering & Management, Nagpur (RCOEM) was engaged by MAHAGAMS to conduct the Survey to ensure the confidentiality of responses. The Survey was conducted purely to understand the Present Status of the traditional brick kiln owners in terms of their manufacturing capacity, manpower available with them, resources, quantity and quality of brick, use of fly ash etc. Although respondents have communicated that they are willing to adapt the fly ash based cluster formation informally, an overall survey was commissioned to obtain more detailed feedback from the kiln owners. A random sample of Traditional Brick Kiln owners at Bharatwada and Wanjri village from the list provided by MAHAGAMS was surveyed.
