Department of Electronics Engineering

ELECTROLITZ STUDENT SOCIETY

ACTIVITY REPORT 2019-2020

ELECTROLITZ

The ELECTROLITZ Society was established in 1995. Since its inception ELECTROLITZ, the Students' society for the Electronics Engineering students, has worked tirelessly to achieve the solemn those set by this famed department with renewed vigor and vitality with every passing year. ELECTROLITZ is an organization of choice for Engineers in the Electronics, providing valuable and relevant services to all its members. ELECTROLITZ and its members are recognized by their peers as the technical leaders in the advancement of the Branch.

OUR VISION

- ❖ To be the top performing and the most admired department in RCOEM.

OUR MISSION

- ❖ Constantly achieving academic and co-curricular excellence.
- ❖ Developing diverse, innovative and result oriented students motivated to deliver excellence.

OUR AIMS AND OBJECTIVES:

The objectives of ELECTROLITZ are to provide the students with the opportunity to know about the intricacies of the sphere which they are studying i.e. Electronics. It aims at a holistic approach towards learning by carrying out a host of technical activities. Not to be left astray of the extracurricular spirit, it also encourages cultural and sporting activities. No wonder abiding by these objectives, the students have brought laurels to this department.

ELECTROLITZ is committed to deliver excellence in curricular and co- Curricular activities by focusing on the following:

- ❖ Increase the level of support offered to students by the society.
- ❖ Promote an interest in the electronics field among students.
- ❖ Provide opportunities for students to develop life skills.
- ❖ Develop leadership skills.
- ❖ Organize field trips and competitions.
- ❖ Organize meetings, conferences and symposia for the specific purpose of exchanging information and ideas.
- ❖ Plan the annual meeting and other symposia to be appealing and relevant to our members.
- ❖ Recognize, publicly and with appropriate publicity, the achievements of the individual members of the society
- ❖ Be the source for reliable technical information and provide points of contact for the media on society's issue of current significance.
- ❖ Establish and promote practices and procedures that foster knowledge and enhance the status of electronics students
- ❖ Manage the financial affairs of the society in such a way as to provide the services required with the resources available.
- ❖ Motivate students and their parents, teachers to take a more active role in events.

Society Teacher Incharges:

Prof. Vishal Rathee (ratheevr@rknec.edu)

Prof. Snehal Laddha (laddhasv2@rknec.edu)

Activities

1. Orientation Program for 2nd Year UG Students:

An orientation program for second year students (1st shift and 2nd shift) was organized in the department of Electronics Engineering on 13/07/2019. At the outset Prof. Vishal Rathee, ELECTROLITZ Society Incharge, welcomed the students and introduced all the faculty members of the Department to the students via website. Dr. A. A. Khurshid, HOD, Electronics Engineering Department, then briefed the students about the vision and mission of the department. Dr. A. A. Khurshid also discussed various computing facilities, laboratories available, about different clubs and societies in the department. She briefed the students about the changes in curriculum, Major and Minor schemes, open electives, challenges that can be encountered while obtaining placements or going for higher studies and how to tackle them. She urged the students to aim big, create opportunities by accepting challenges, maintain a good academic record and participate in events that improve their overall personality thereby improving their chances of placements with higher packages and in renowned companies. She also warned the students regarding disciplinary action if found involved in malpractices and urged them to distance from it. Also students were told about the students' society ELECTROLITZ which organizes different activities and events at department level. Over 100 Students took part in the program.

Prof. Smita Daware, DEC (Department Exam Committee) In-charge briefed the students with current academic calendar, policies & ordinances related to examination pattern of internal test and end semester exam, marks distribution, incentive criteria , Assessment pattern, rules for appearing in makeup exams & all other exam related work/patterns.

Dr. R. S. Ochawar, Project Coordinator briefed the students about current procedure to form a group and selection of project topic. She briefed the students on how many times the projects will be evaluated in a semester, it's marking scheme and what level of work is expected from the students in the project and urged the students to prepare a roadmap for selection of good projects when they are in their final year.

Prof. B. M. Hardas, Academic Coordinator stressed on "Academics First" theme i.e. academic activities over all other extra and co-curricular activities. He told about the Academic rules & regulations as per ordinances regarding attendance, policies for appearing in end semester examination, remedial classes and its significance and explained about detention criterion. He apprised student about GEMS and how to use it for academic purpose.

Prof. Vikas Gupta, Career Counseling Cell (CCC) Coordinator explained to students the importance of counseling in his/her life thereby emphasizing the need to establish such a cell in the department. He asked the students to visit college website for more information on this cell elaborating on few points like its objective of establishment for helping students to identify a right career path after completing their graduation.

He assured the students of conducting various activities under this cell which would help them to acquire broad knowledge of various fields & skills needed for employment. He apprised students about the different higher studies opportunities in the country.

Prof. Rushikesh Deshmukh, III Cell and Embedded Club in charge briefed about Industry Institute Interaction Cell (III Cell), which provides ample opportunities for industry exposure to students through industry visits, research, summer internships and industry projects. He also briefed the students about the incubation centre of the college and various activities conducted under it for young entrepreneurs. Being Embedded Club In charge as well, which creates a platform for sharing innovative ideas and inculcates research acumen amongst the student, he discussed about how this club aims at enhancing basic knowledge and skills to come up with constructive and useful Embedded Electronic Systems. He urged the students to actively participate in the preparing activity chart for this club.

Prof. Lokesh Heda, Training & Placement Cell Coordinator briefed the students about various activities conducted under Training & Placement Cell in accordance with the central T&P. He detailed students about how large the window of opportunity is in this college and the wide variety of careers available for them both in India and abroad. He briefed students about the type of preparation required to get into a good company and also told them from where and how to do it. He also made aware the students with the departmental placement records of last two years and the companies that have been visiting for recruiting them. He told students to focus on soft skills and aptitude development. He also added that students should learn foreign languages for abroad opportunities as well as try for off campus placements with higher packages and need not shy away from taking the help of third party companies like Hiremee, Aspiring Minds, FACE, etc. for it. In the end he briefed students about the Eighth Semester Internship scheme of the department and its benefits.

2. CR Meeting of UG students

List of CR's (ODD Sem)

First Meeting

Date: 24 July 2019

Time: 1:00 p.m. onwards

Venue: Conference Room, Electronics Department

The meeting of CR's of III, V, VII sem students all all sections for session 2019-20 was conducted by Dr. Mrs. A. A. Khurshid (HOD, EN), Prof. V. R. Rathee, Prof. S. V. Laddha (Electrolitz student society Incharge)

Agenda:

- To create awareness among students related to ordinances of UG programme & infrastructure facilities available for students in the department.
- Discipline and smooth conduction of classes.
- NPTEL, MOOC course awareness.

Discussion:

- CR's were instructed to ensure smooth conduction of classes and inform respective class teachers during the absence of subject teacher. Also students were informed to maintain 75% attendance in all subjects. Students were informed to maintain discipline in the department
- Students were motivated to enroll for various courses offered by NPTEL and MOOC.
- Students were instructed to inform their participation in any technical/curricular/co-curricular/extra-curricular events to student society incharges by taking prior permission.
- Final year students were motivated to participate actively in all the placement related activities. Upon queries of students, it was discussed that InfyTQ equivalence is allowed only if they appear for test.
- Students grievances related to infrastructure were promised to be solved at the earliest.

The meeting ended with a note to accommodate all the suggestions given by CR's.

List of CR's (EVEN Sem)

Sr. No.	Class - Section	Name of Class Representative	Roll No.	Email ID	Mobile Number
First Shift

Second Meeting

Date: 19th December 2019

Time: 1:00 p.m. onwards

Venue: Conference Room, Electronics Department

The meeting of CR's of IV, VI, VIII semester students of all sections for session 2019-20 (EVEN) was conducted by Dr. R.S. Ochawar (HOD, EN) in presence of Prof. V. R. Rathee (Electrolitz student society Incharge) and Prof. B.M. Hardas (Academic Coordinator).

Agenda:

- To enquire and create awareness among students related to regular attendance in classes.
- To create awareness amongst students about prior permission format related to grant of attendance before participating in an event.
- Discipline in campus.
- Propagate awareness about infrastructural and academic developments in the department and college and motivate students to do internships.

Discussion:

- CR's were instructed to ensure smooth conduction of classes and inform respective class teachers during the absence of subject teacher. Also students were informed to maintain 75% attendance in all subjects. Students were informed to maintain discipline in the department
- Students were motivated to enroll for various courses offered by NPTEL and MOOC.
- Students were instructed to inform their participation in any technical/curricular/co-curricular/extra-curricular events to the class in charges and take prior permission.
- Students were motivated to participate in technical activities/ workshops/design contests and also do internships in good companies providing solution to their problem statements so as to strengthen their resume.
- Students grievances related to subjects were promised to be solved at the earliest.

The meeting ended with a note to accommodate all the suggestions given by CR's.

3. Appointment of President and Executive Members of Electrolitz Student Society

POST	NAME OF STUDENT	CONTACT NUMBER
Final Year Committee		
PRESIDENT	1) PRANAV GOTMARE (VII-C)	8983673937
VICE PRESIDENT	2) AAYUSH RAJANKAR (VII-A)	7888032132
	3) ANEESH DESHPANDE (VII-B)	8698551929
	4) ABHISHEK DUBEY (VII-C)	9158755044
GENERAL SECRETARY	5) PURWA ANASANE (VII-A)	7378618891
	6) VAISHNAVI DESHPANDE (VII-A)	9623163975
	7) SHEETAL SINGH (VII-B)	7387247072
SYSTEM HEAD	8) PRANAB MISHRA (VII-C)	7276395582
	9) NISHAD CHAUDHARI (VII-B)	9172297601
TREASURER	10) AMIT AGRAWAL (VII-A)	8983365735
	11) AADITYA KASBEKAR (VII-B)	9970690474
	12) VAISHNAVI WIGHE (VII-C)	9146366054
CULTURAL SECRETARY	13) SAKSHI DESHPANDE (VII-A)	8793095339

4. Electrolitz Student Society Installation

New executive body of Electrolitz, Electronics Engineering student society of Shri Ramdeobaba College of Engineering & Management was installed on 16th August 2019 for the year 2019-20.

Shri. Shwachhand Chavan, IRS, Deputy Commissioner, GST and City Vigilance, Nagpur and alumni of RCOEM was the Chief Guest for the function. During his address to students, he remembered his days in college and how it has helped him to shape his career in becoming what he is today. In his address he encouraged the students to set, work hard and excel in all the fields to achieve their career goals. In the end he explained the need and importance of implementing GST in Indian economy. Dr. (Mrs) A. A. Khurshid, Head, Electronics Engineering department presided over the function while Prof. Snehal Laddha, Prof. Vishal Rathee, Electrolitz society in charges and Mr. Pranav Gotmare, President of the society, Ms. Vaishnavi Deshpande, General Secretary, Electrolitz society and all the faculty members of the department were prominently present.

Departmental magazine ENSPIRE-19 was also released at the hands of dignitaries. All the committee members of Electrolitz student society worked very hard to make this event successful.

5. Orientation Program was conducted for 1st Sem M.Tech (VLSI Design) Students

An orientation program for first year students of M.Tech (VLSI Design) was organized in the department of Electronics Engineering on 19/08/2019. At the outset Dr. N. P. Narkhede , M.Tech Coordinator , welcomed the students & briefed vision and mission of the department . He also discussed various computing facilities, laboratories available, about different clubs and societies in the department. He discussed about the examination pattern and encouraged students to take proactive participation in technical & extracurricular activities. Dr. N.P. Narkhede informed students about Training & Placement Cell functioning that provides a window of opportunities to the students over a wide variety of careers in a broad spectrum of Industries/Organizations in India and Abroad. He also briefed the students with the achievements of T&P department and their efforts in conducting various activities for students which has resulted in achieving highest placements by the college in this region. The students were informed and motivated to undertake one year internship with renowned and specialized industries a provision made in the curriculum. Dr. N. P. Narkhede also talked about Industry Institute Interaction Cell (III CELL) of the institute, which provides ample opportunities for industry exposure to students through industry visits, research internships, summer internship and industry projects.

Prof. Sharmik Admane, Academic Coordinator (PG) briefed the students and discussed the Academic Calendar for the academic session 2019-2020. He highlighted the Academic rules & regulations as per ordinances regarding attendance, policies for appearing in end Semester exam/makeup examination, exam related grievances & explained students the detention criterion. He apprised students about MIS-GEMS and its use for academic purpose. He also discussed about the academic incentive schemes. Also students were introduced to students' society ELECTROLITZ which organizes different activities and events at the departmental level for them.

6. Teachers Day 2019 Celebration in EN Department

Electrolitz committee of students organized an event to convey gratitude to all teachers and to thank them for their contribution towards shaping their careers as well as celebrate Engineers day. Head of the Electronics Department, Dr. A.A. Khurshid along with Faculty members of the department graced the occasion which was celebrated on 21st September 2019. The Staff members of Electronics Department were welcomed by the students and the event started by lighting the traditional lamp and recitation of Saraswati vandana. Dr. A. A. Khurshid in her address apprised the students about the importance of Engineers day. She encouraged the students to follow the path shown by these two personalities, Dr. S. Radhakrishnan and Sir. M. Visvesvaraya and thrive hard to gain knowledge. She urged the students to perform to the best of their abilities to achieve success in life.

The event was marked by cake cutting ceremony. A colorful musical performance was also organized by the music and dance club members of Electronics Department.

Ms. Priyanka Buty thanked the teachers for their gracious presence while Prof. Vishal Rathee thanked the students for organizing such a wonderful function.

7. One week technical workshop Entrix 12.0

A one week technical workshop for Second year students ENTRIX 12.0 was conducted at Electronics Engineering department of Shri Ramdeobaba College of Engineering & Management from 14th December 2019 to 21st December 2019. The inaugural function was held on 13th December 2019. Mr. Amjad Khan, Management Consultant & EX-GM HR CEAT LIMITED, was the Chief Guest for the inaugural function. Dr. S. D. Mohagaokar, Dean Second Shift, RCOEM presided over the function. Dr. (Mrs.) A.A. Khurshid, HOD, Prof. Vishal Rathee and Prof.Snehal Laddha-Convenor ENTRIX 12.0; Mr. Shivam Deshmukh- ENTRIX 12.0 Head and Mr. Pratik Pandey-Technical Coordinator ENTRIX 12.0 were prominently present on the dais.

In the inauguration, Mr. Pratik Pandey, technical coordinator briefed the audience about the details of various sessions to be conducted in the week long workshop. He also highlighted the changes in the current workshop as compared to the previous ones by speaking about the newly introduced topics i.e., IOT and Project Implementations. In her address Dr. (Mrs.) A. A. Khurshid, Head of the department emphasized the importance of ENTRIX and encouraged the students to get actively involved and hence benefitted from the workshop. Dr.S.D.Mohagaokar in his Presidential address praised Electronics Engineering department for arranging such kind of events which is organized “for the students and by the students”. He also laid the important of technical education and advised students to grab this golden opportunity of learning the fundamentals & participate in the technological revolution. Chief Guest Mr. Amjad Khan explained the importance of organizing such events for the students. He was very happy that Electrolitz student society is successfully continuing the legacy and hoped that team ENTRIX will broaden their horizon in near future with interdisciplinary approach. Souvenir of ENTRIX 12.0 was also released in the inaugural function while Mr. Shivam Deshmukh proposed the vote of thanks.

The workshop included different learning modules such as Basic and Advanced Electronics, MATLAB, LABVIEW, ORCAD, Eagle & Proteus, Embedded System Design, Internet of Things and Mechatronics. About 90 students from Electronics, Electronics and Communication and Electronic Design Technology Engineering Departments participated in this workshop. Teaching committee comprising of Final and Third year students of Electronics Department taught and gave hands-on to second year participants on the above modules for the first five days of the workshop. The last two days were reserved for project implementation where the participants developed different projects based on the topics learnt in the workshop under the supervision of their mentors.

The valedictory function of ENTRIX 12.0 was held on 21st December 2019 which was presided over by Dr. R. S. Ochawar, Incharge, Head of the Department, Electronics Engineering. In the feedback session of the valedictory function, the participants praised the efforts taken by the organizers and wished that this type of workshop will continue to be held every year.

8. Homage paid to Pulwama Attack Martyrs on First Anniversary

On the first anniversary of Pulwama suicide attack in which 40 CRPF Jawans had lost their lives, the student's society of Electronics Engineering Department "Electrolitz" had organized a program to remember and pay homage to our brave soldiers. It was organized on 14th February 2020, a year after the deadly attack. The program started with teaching and nonteaching staff members and students gathering on the ground floor of Electronics Building and lighting the candles remembering the efforts of our brave soldiers. Yasha Sahare of 6th Semester EN Section B gave a brief overview about what had happened on the fateful day of 14th February 2019 and asked all the present to observe two minutes silence to offer peace to the souls of martyrs. The program ended with the recitation of National Anthem.

9. Guest lecture on E-waste under Seva Disha Cell of Electrolitz society

A guest lecture on creating awareness on E-Waste Management was organized under Electrolitz students' society on 13 Feb 2020. Ms. Mahima Suri, Director of Marketing and Business Development at Suritex Pvt. Ltd., Nagpur conducted the awareness session on E-Waste Management for undergraduate students.

Ms. Mahima Suri in her presentation addressed the various problems of E-waste and need to recycle it properly. She explained the process of recycling the E- Waste at her company. A total of 80 students attended the session.

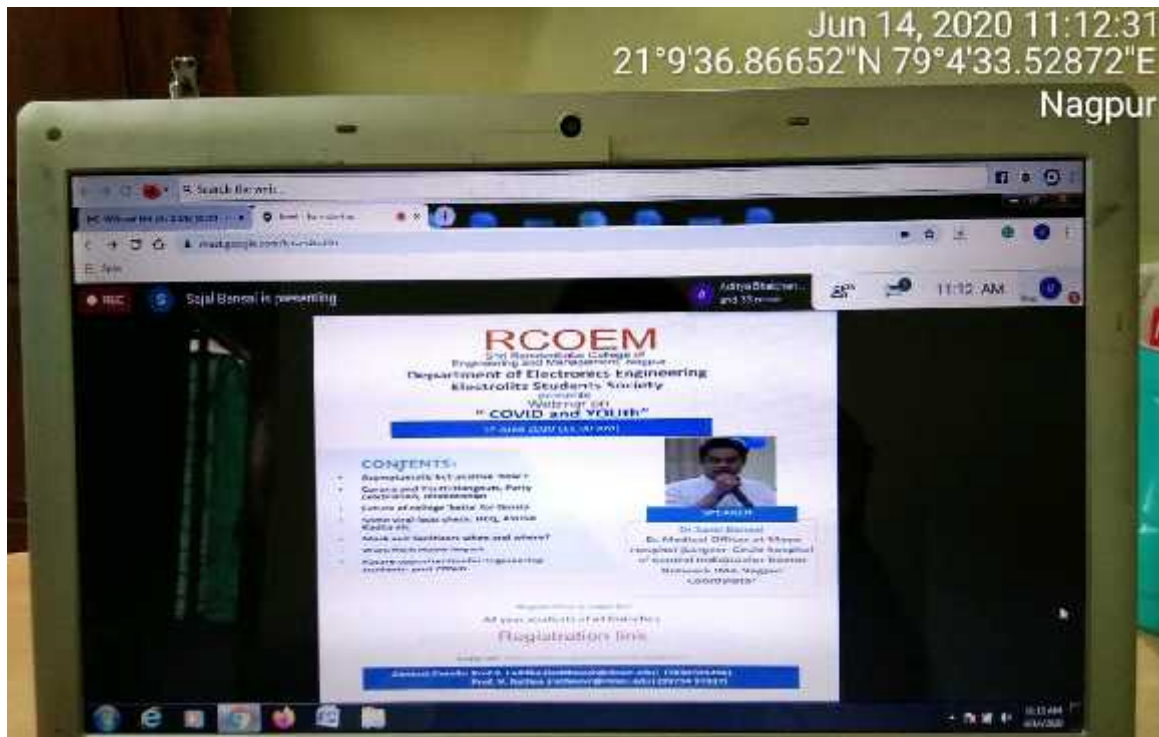

A drive for collection of E-waste was also conducted in the department, where faculty members and students deposited E-waste. The collected E-Waste was then handed over to Suritex Pvt. Ltd.

10. Webinar on “COVID and YOUth” under Seva Disha Cell.

An online webinar for creating awareness amongst youth about COVID -19 was organized under Electrolitz students’ society on 14 June 2020. Dr. Sajal Bansal, Ex. Medical officer at MAYO, Junior Doctor Network, IMA, Nagpur coordinator, conducted the awareness session on COVID -19 for students and staff. A total of 125 registrations were received for the session.

Dr. Bansal in his presentation addressed the various myths and facts about COVID. He apprised the audience on various aspects of COVID like what are the symptoms of COVID, when to go for the COVID test, things to be done and not to be done if a person is detected with corona virus, how to save ourselves from this deadly virus, how to prevent it’s widespread at individual level as well as at mass level. He also provided clarification on some of the myths like spread of corona virus from mosquitoes or pets, less prevalent amongst children, etc. In his address he urged the participants to frequently wash their hands, use sanitizer, avoid touching unknown things and places, wear mask and go into self isolation if not feeling well. Discussing the adverse effects of corona virus on human body and mind, he emphasized on the important role that an engineer can play in this pandemic. Concluding the session he briefly discussed about projects that can be developed by students to support frontline health workers in combating COVID and urged everybody to contribute so as to defeat corona virus.

11. National Project Competition ENNOVATE 2020

Every year Electronics Engineering department organizes a National Conference & Project Competition ENNOVATE. It gives platform to undergraduate students to showcase their knowledge in the form of project exhibition, paper presentation competition. This year ENNOVATE'20 was organized on 7th March 2020. The theme of the competition was "Project to Product". These events enable experimental learning for the student participants and also improve interpersonal skills and time management.

Dr. Sekar Bharadwaj Head HR & CSR, JSW Steel, Kalmeshwar Plant was the chief guest for the function. Dr. R. S. Pande, Principal, RCOEM presided over the function. Dr. (Mrs.) A. A. Khurshid, Head of Electronics Engineering department and staff members of Electronics Engineering Department were prominently present.

More than 400 students from various colleges participated actively in Project and Paper Competition. The projects were evaluated by experts from industries and academia. Mr. Ramdassan Nair Ex. Assistant Manager-Electrical, JSW Steel, Dr. Bhushan Joshi, Chairman-IETE, Nagpur Center, judged the innovative project models of the participants.

The student society Incharges and conveners of ENNOVATE 2020, Prof. Vishal Rathee and Prof. Snehal Laddha, along with the staff members of Electronics Engineering Department played a stellar role for the successful organization of event. Mr. Saurabh Tripathi, Mr. Rohan Khardenavis, student Incharge and their team took great efforts for the successful conduction of the event.
