1. INTRODUCTION

“Welcome to the Department of Health, Physical Education and Sports.”

The Department was established in response to the challenge of health problems among young people as well as the transforming role of physical education in younger generations of Young India. We contribute our bit in the on-going development of educating the public in the areas of health and physical education in India.

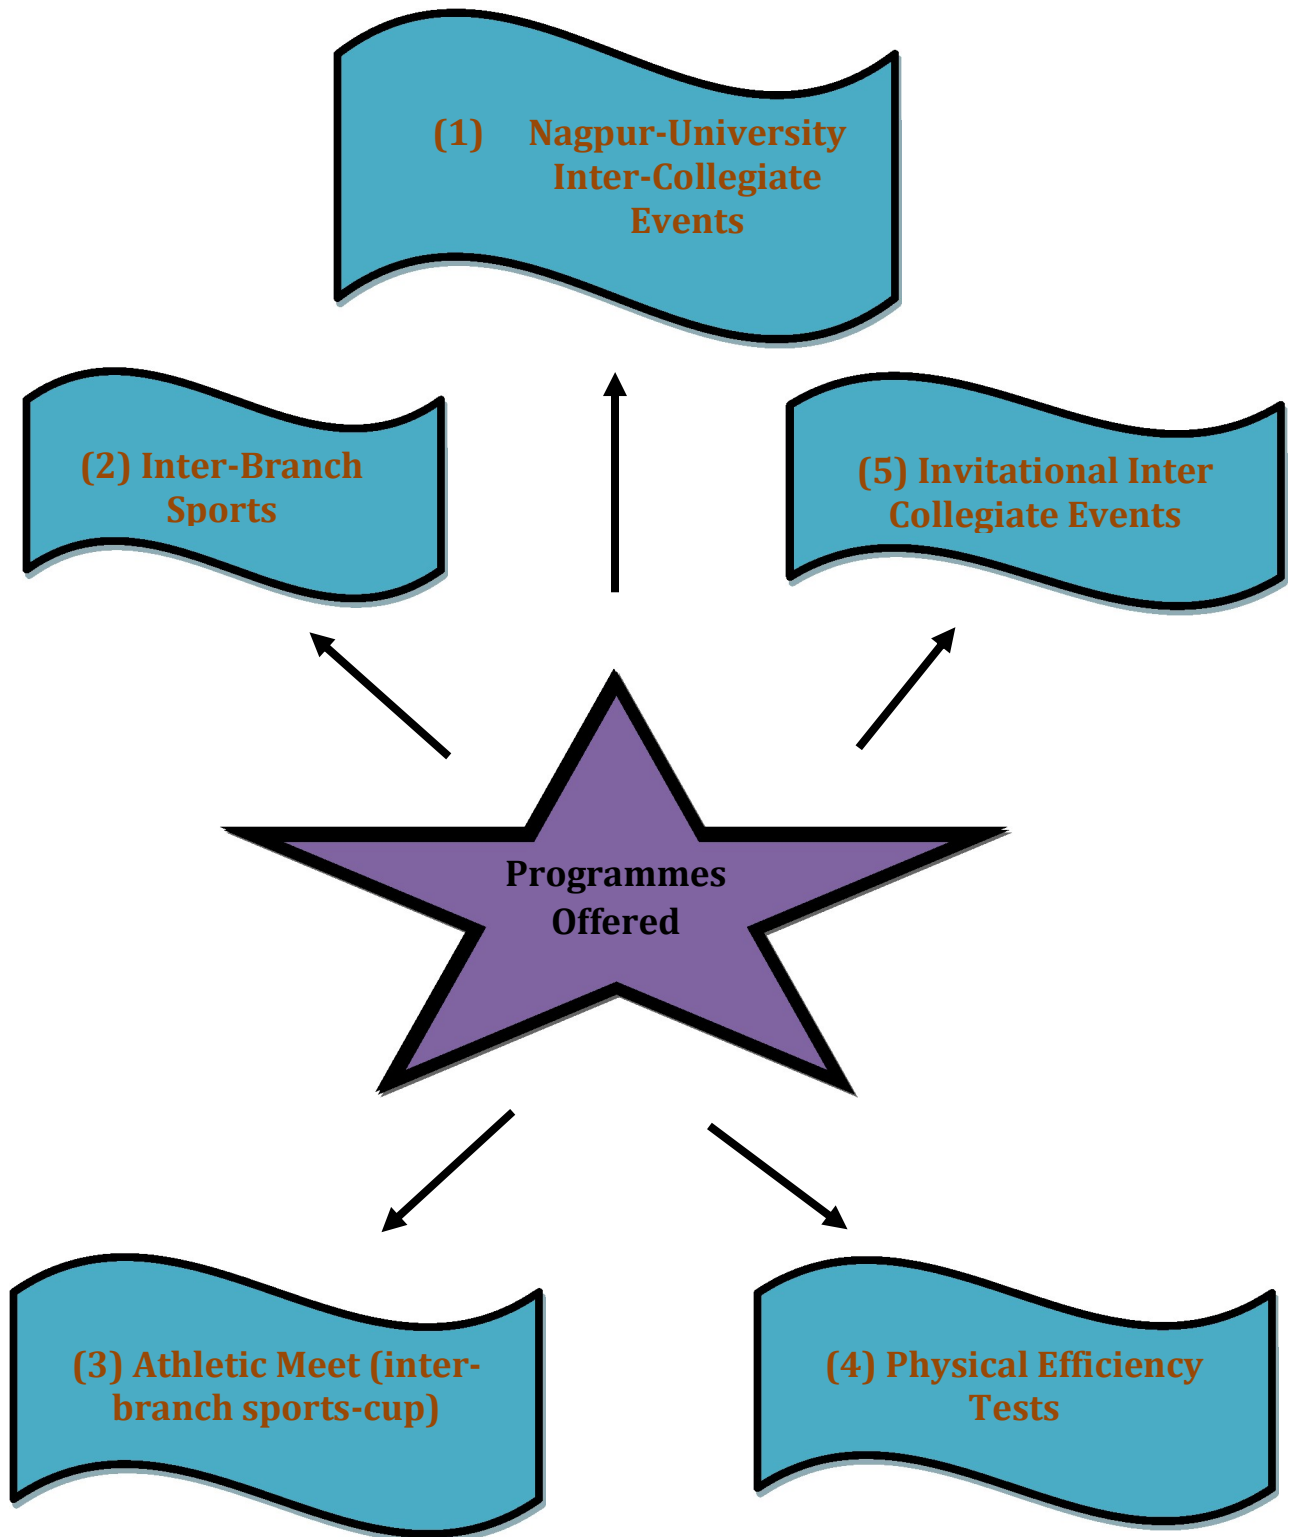

It has been well established that adolescents these days are facing serious health problems locally and internationally. Many factors have been identified as determinants, including unhealthy personal lifestyle, lack of health practices, societal environments non-conducive to better health, and either a lack of comprehensive health policies. We here are also devoting much effort in advancing health through improving children’s knowledge in health, enhancing skills in managing and promoting personal health, as well as changing sedentary and unhealthy life styles into active and healthy living.

Faculties :

S. N.	Name of Faculty/Staff	Designation
1	Dr. Amit Anurag	Head of the Department
2	Prof. Saket Kanetkar	Assistant Professor
3	Dr. Amrita Pande	Assistant Professor
4	Mr. Dilip Sonule	Senior Helper
5	Mr. Sagar Raut	Helper

The faculty and staff strive to lead, and we believe that we produce some of the most productive student leaders as well.

4. ANNUAL SPORTS CALENDAR

The emphasis is on participation, not competition. Winning is not the primary goal but rather, the opportunity to exercise, develop leadership skills, experience camaraderie, meet new people, and learn a life-long activity, are the greatest rewards of intramural sports. For this, the Physical Education Department organizes tournaments of various games and sports according to the Annual Sports Calendar.

Adolescence and emerging adulthood is a time of physical, social, psychological, and structural changes, which may influence barriers to and motivations for physical activity. College students represent a specific subgroup in this period as they are particularly affected by changing (structural) life circumstances with the start of their studies. Students' daily lives are characterized by sedentary behavior (e.g. attending classes, completing deadlines for submission of assignments etc.); however, physical activity in this age group is important, because future patterns of adult health are established already at this stage of life. Understanding this, RCOEM promotes more and more sports participation resulting which, this year there are 15 students who were selected for RTM Nagpur University team. They are:
