Shri
Deshpande

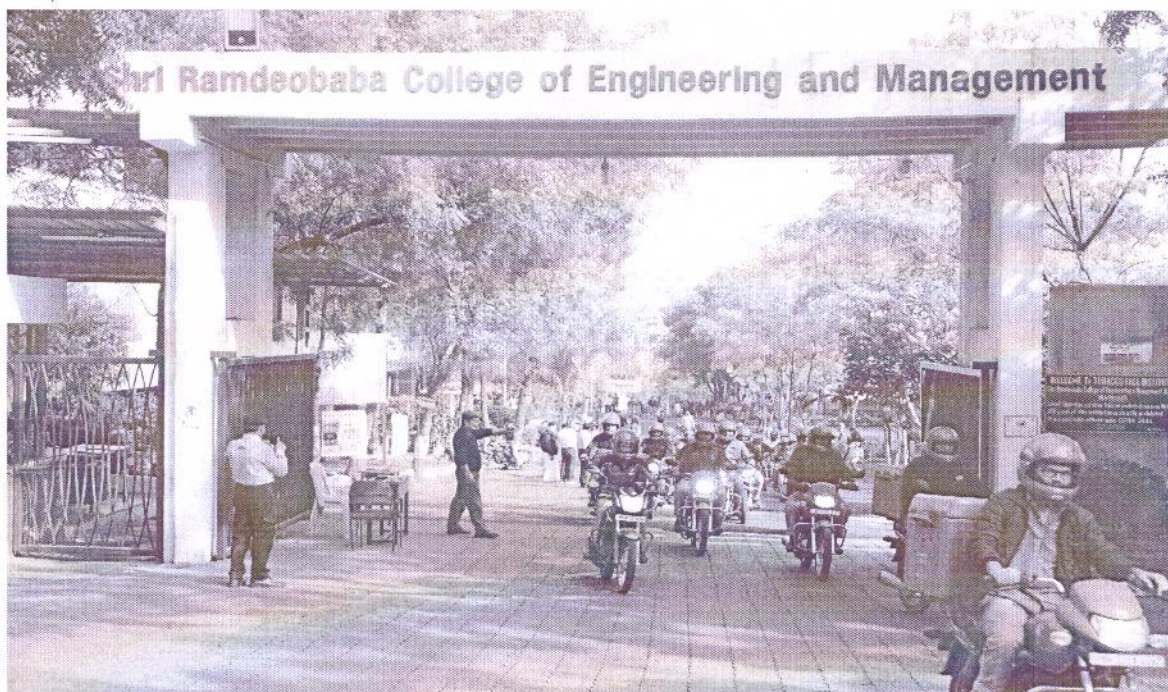

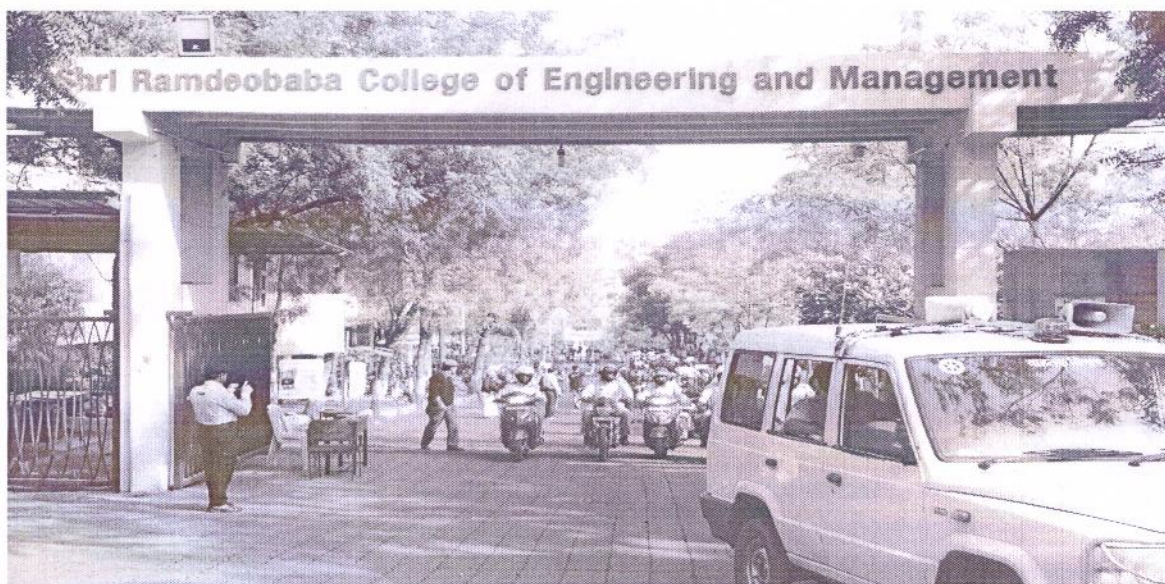

Senior PI Shri Atul Sabnis sir's life lessons were alarming and at the same time awe inspiring. The whole seminar went very smoothly wherein both the police officers explained in a very friendly way, the need to drive safely, obey the traffic laws, and respects the rights of other drivers. Not only should we concentrate on our own driving, but we should also be well aware of the other vehicles around us. Driving safely also includes how and where we park our car. We shouldn't be stressed, tired, or distracted; driving should be our only focus. We need to be both mentally and physically capable of controlling our vehicle. It is our responsibility, as a driver, to know the laws governing driving privileges. Shri Sabnis sir said that students are police but just in different uniforms. They also told the little but important aspects which most of the people take leniently such as not wearing helmets, letting the ambulance pass and that passengers trust the driver. Sir also had a session where the queries of students were cleared. The event was graced by Dr. S. D. Mohgaonkar, Dean, Second Shift; Dr. Sanjogta Meshram, Prof. Incharge FYBE and Dr. Y. M.
