

## NSS Unit

# SAHYOG

(Skill Development Program)

**Date:** 01/03/2020

“Gaining knowledge is the first step to wisdom, sharing it is the first step to humanity”

SAHYOG is an initiative taken by the NSS unit of Shri Ramdeobaba College of Engineering and Management which aims to make children computer literate. It is a skill development platform that aims at bridging the gap between technology and students. All the basics of computer will be taught by the volunteers.

NSS students designed a curriculum and a syllabus for the course and set a target time in which the course will be completed. Several schools were approached and students were finalized on the basis of a questionnaire. The classes would be conducted on weekends and after completion of their course, students will be provided with a certificate.

SAHYOG was inaugurated by Dr. R.S.Pande, Principal, RCOEM on 28<sup>th</sup> of February, 2020 in presence of Mr., Sanjay Kargutkar, Administrative officer, Dr. Amit Anurag, NSS Programme Officer, Prof. Amrita Pande, Asst Professor and the entire NSS team.

The inception of this programme took place at the computer centre of the college. The idea was to make aware the students of the latest technology and the next moment the NSS volunteers started working with full zeal and enthusiasm. The principal appreciated this noble initiative. It was a moment of pride that the work was given at the hands of the NSS unit.
