Azure Microsoft Event Report

AZURE DEVDAY- The event was organised by communique student society on 3rd September 2022, in association with IETE forum to give the knowledge about Microsoft azure. Event was sponsored by Microsoft and was executed by the Azure Developer Community. As it was inter collegiate event, more than 100 students of various engineering colleges and industry personnel have participated in the event. The motive behind this seminar was to introduce about Microsoft azure and its applications and benefits.

Description of event:

AZURE DEVDAY- The event was conducted to give the knowledge about Microsoft azure by the Azure Developer Community in which students of all the branches from all the colleges all over India were eligible to participate.

Speaker 1

Aditya Bobde from Azure Developer Community oriented the participants about **Cloud computing** through presentation. The contents of presentation were introduction of cloud computing, its importance, application and future benefits.

Speaker 2

Manish Kungwani introduced the participants about **.NET** through presentation**.** He also mentioned that .NET is an open-source developer platform for building many different types of applications and why to choose .NET? Also, he gave the demo of how to use .NET

Speaker 3

Laksh Samdariya started the presentation by giving the introduction on Artificial Intelligence. He further elaborated and informed the participants about the Importance, application and benefits of AI and how AI is the future of Human Race.

After all the speakers were done with their presentation the three lucky draw winners were rewarded by the goodies and Microsoft azure t-shirts and the seminar was concluded with the food distribution.

The event was conducted smoothly with active participation by the participants and the organising team.
