Communique Society Activities in Even Sem 2016-17

2 Days National Level Workshop on SELF BALANCING BOT

Communique, the Student Society of department of Electronics and Communication Engineering organized a two day National Level Workshop on '**Self Balancing Bot**' on **3rd and 4th March 2017** under the banner of Technovision10.0, A National Level Technical Fest of RCOEM, and in association with IIT BOMBAY INNOVATION CELL and Robokart.

Two wheel self-balancing robot is a development in the field of robotics and it is based on the concept of Inverted pendulum theory. This type of robot has gained fame and interest among researchers and engineers because it utilizes such a control system that is used to stabilize an unstable system using efficient microcontrollers and sensors. Self-balancing systems can be seen in many places and they are essential for the smooth running of numerous types of machines. These types of robots can effectively work in non-uniform surfaces due to their balanced control system.

55 participants joined for the workshop from the various engineering colleges of the region. Workshop was a grand success as all the participants have given their satisfactory feedback.

TECH-QUEST

Communique, the Student Society of department of Electronics and Communication Engineering organized a National level Technical event **Tech-Quest** on **6th March 2017** under the banner of Technovision10.0, A National Level Technical Fest of RCOEM.

The event Tech-Quest is a perfect combination of fun and technology. It tests and boosts not only the participants' technical but also general aptitude skills. The event contains different rounds, rising a level up in each round, the participants will learn a new way of analyzing things. The participants may realize their inner strengths like leadership quality, patience and many more.

The event has got overwhelming response from the participants. 240 participants from the various engineering colleges of the region have participated in these events.

Guest Lecture on topic 'Aim it..Achieve it" by Alumni Vatsalya Mathur

Communique, the Student Society of department of Electronics and Communication Engineering organized a motivational guest lecture on the topic "Aim it..Achieve it" on **23rd March 2017** for the students of third year.

The guest speaker **Mr. Vatsalya Mathur** is the distinguished alumni of 2013 batch of Electronics and Communication Department. Interestingly, he is also the ex-vice president of **Communique**, the Student Society of department of Electronics and Communication Engineering. He presently works in Tech Mahindra as System Analyst at Texas, USA.

Mr. Vatsalya shared valuable information related to real life scenarios of jobs in industries and higher education abroad. He encouraged students to stay motivated and achieve success in life.
