MANZAR 2022

Compusys, the student body of Department of Computer Science and Engineering, Shri Ramdeobaba College of Engineering and Management, organized MANZAR 2022, the annual cultural event of the Department of Computer Science and Engineering was organised virtually to welcome the second-year students in the department. Manzar comprises various extracurricular and cultural competitions which were scheduled in the first week of January 2022. The final event took place on 8th January, 2022 (Saturday). The students participated with great zeal to make the event successful.
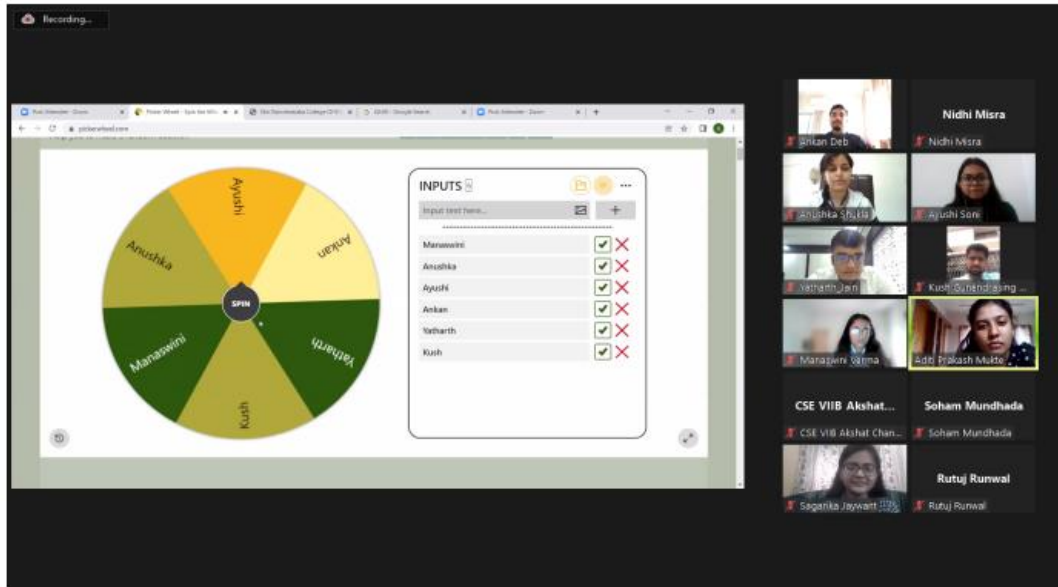

Eminence

Event Eminence was conducted under Manzar-2022 from 4th Jan to 8th Jan. It intended to crown the students with the best personalities from the CSE department (all 5 sections combined). The event tested the overall personality, decision-making, talents, convincing power, and intelligence of the participants. There were total 3 rounds. The first round was a quiz, followed by the personal interview round and the final round of Eminence was conducted in the Finale on 8th January 2022. A total of 60 participants registered for the 1st round, while 23 participants qualified for the personal interview round and finally 6 made their way to the Finale. Yatharth Jain and Ayushi Soni were declared as winners for Mr. Eminence and Ms. Eminence.

In round 1 there were a total of 60 participants. A google form was circulated amongst the students and responses were accepted for a duration of 50 mins. The questions in the form were designed to test the aptitude, knowledge and decision-making skills of the participant.23 deserving candidates from the total bunch of 60 participants through a rigorous process of score calculation based on the answers that they gave in the google form.

Round 2 was the interview round, conducted through the google meet platform, wherein the candidates were personally interviewed who were short- listed in round-1 to filter them and select 6 finalists (3 boys and 3 girls). The candidates were interviewed thoroughly to test their decision-making, personality, talents, convincing power, and intelligence. Two panels were created for this purpose.

Round 3 This round was conducted through the zoom meet platform. There were about 150 students and teachers who attended the event. There were three sub-rounds conducted in which the finalists were given an imaginary situation and had to introduce themselves under the same. All the finalists were asked to nominate one girl and one boy finalist amongst them who should be eliminated and were also asked the reason for which he/she should be eliminated.. The judges were a panel of four which included 4th year students. They all put the finalists through a set of confusing questions based on which the final result was declared.
