

RCEOM - QCFI Center of Human Excellence organized online training on IT Security and Cyber Laws for Regional Training Institute (RTI)

Shri Ramdeobaba College of Engineering and Management, Nagpur has conducted an online course on "IT Security and Cyber Law" between 18.04.2023 and 19.04.2023 for the employees of the Indian Audit & Accounts department of Regional Training Institute (RTI), Nagpur. The course aims to help participants understand the different aspects of IT security and cyber laws, and it is designed to benefit from the knowledge of expertise faculty members of the institute.

The course had been conducted by a team of faculty members from the institution, who covered important topics related to the Information Technology Act of 2000, its amendments, mobile security issues, PKI and digital signature, and recent cyber security breach cases. The details of the faculty members who had taken the sessions are as follows:

Dr. Kanak Wadhvani conducted the first two sessions on the Information Technology Act of 2000, its role players, important sections, and penalties. She had also covered the IT Act offenses and penalties with relevant cases.

Dr. Sachin Upadhye covered the session on mobile security issues, covering risks, vulnerabilities, and safeguards.

Dr. Padma Adane took the concept of PKI and digital signature, discussing the technology and processes required to secure the IT environment.

Dr. Rashmi Welekar interacted in the last two sessions on recent cyber security breach cases, their modus operandi, and precautionary measures.

Overall, the course covered important topics related to IT security and cyber law. The sessions handled by the resource persons were well appreciated by the participants and the Regional Training Institute.
