RCEOM - QCFI Center of Human Excellence organized online training on IT Security and Cyber Laws for Regional Training Institute (RTI) by RCOEM, Nagpur

Shri Ramdeobaba College of Engineering and Management, Nagpur has conducted an online course on "IT Security and Cyber Law" between 26.09.2022 and 29.09.2022 for the employees of the Indian audit & accounts department of Regional Training Institute (RTI), Nagpur. The course aims to help participants understand the threats and vulnerabilities related to internet and web security, different types of cyber-attacks, access control, authentication, and authorization. The course will also cover mobile security issues, recent cyber security breach cases, and the concept of PKI and digital signature.

To ensure that the participants get the best learning experience, the institute has requested faculty members has specialization in IT security and cyber laws to handle the online sessions. Dr. Sachin Upadhye, Assistant Professor from the Department of Computer Application handled the sessions on internet and web security as well as mobile security issues. Dr. Rajiv Khaire, Associate Professor from the Department of Management Technology and Dean, III, took a case study and discussion on recent cyber security breach cases and their modus operandi along with precautionary measures. Dr. Padma D. Adane, Associate Professor and Head of the Department of IT covered the topic of PKI and digital signature. Dr. Rajiv Khaire, Dean III initiated and organized the above training course for the RTI.

Overall, the course covered important topics related to IT security and cyber law. The sessions handled by the resource persons were well appreciated by the participants and the Regional Training Institute.
