## LETTER FROM THE EDITOR

“The Key to success is to focus on goals, not obstacles” with this inspiration the third quarter of the calendar year started with new research projects, consultancies, placement activities and a lot.

Departments has conducted parent Meet, Alumni Meet, Webinars, Carrier guidance activities guest lectures etc. on online platform. Students celebrated teachers’ day on online platform.

The faculty members participated in STTPs, FDPs, NPTEL, MOOC courses and presented the research work in reputed conferences and journals. Some of our faculty members were granted patent.

On the account of National Sports Day, the birth anniversary of hockey legend Major Dhyan Chand, the Department of Physical Education, RCOEM organized its third edition “AAGAAZ 3.0” on 29 August 2021.

“Arise! Awake! Stop not until the goal is reached” with the quotes of Swami Vivekananda College is achieving new milestone.

**Happy reading !!!**

## RCOEM-TATA-CIIT

1) 3 days' training sessions on Internet of Things (using Raspberry Pi & Arduino Nano) was organized on 1st, 2nd & 3rd July 2021. Mr. Shreyash Gajlekar, SME TATA Technologies, at CIIT Center in Jalandhar, was the expert speaker. About 17 faculty members, supporting staff and students of M. Tech. Robotics & Automation of RCOEM attended the hands-on sessions. Use of Things peak and Mobile Application using the MIT APP Inventor was demonstrated.

Participants attending 3 day's training on Internet of things

Expert Speaker Mr. Shreyas Gajlekar and the participants of training on IoT

2) Two full Days Training Program on “Machine Learning” was organized at Machine Learning Lab RCOEM-TATA CIIT by Department of Computer Science Engineering on 21st & 22<sup>nd</sup> Sept 2021. Mr. Anil Dhole SME, TATA Technologies was the expert speaker. Dr. Ramchand Hablani, Dr. Shubhangi Neware and Prof. Sweta Jain were the faculty coordinators. About 22 faculty and students attended the program in both offline and online mode, respecting Covid-19 restrictions and protocols.

### **Visit of Eminent persons to RCOEM-TATA-CIIT:**

In response to request from Dr. Rajiv Khaire, dean III cell about Confederation of Indian Industry (CII) team visit to CIIT facility, Mr. Swapnil Kadadekar, Deputy Director CII, Worli, Mumbai, Mr. Ranjit Singh, Chairman CII, Vidarbha Zone and director syslogix visited CIIT on 24<sup>th</sup> Sept 2021. Efforts on building stronger association between RCOEM & CII, facility utilization etc was discussed.

Dr. Vishal Shukla explaining the functioning of Mechanical Execution System (MES) to Mr. Ranjit Singh, Chairman Vidarbha zone, CII (24 Sept 2021)

Prof. P. A. Dwaramwar briefing about IoT & Machine Learning Center of Excellence to Mr. Ranjit Singh, Chairman Vidarbha zone, Confederation of Indian Industries

## Students Engagements and Participation in activities at CIIT:

Students committee for facility & project demonstration during NAAC committee visit was constituted. The student members included were: Abhishek Shahu, Parag Sardey, Umang Chandarana, Animesh Hedao, Syed Hamza Ali, Aditya Chavhan, Vaibhav Anasane, Saud Baig. Student's demonstrate some projects like In-pipe inspection robot, 6DOF robot manipulator BIPED Robot stand, Voice control of 3 phase induction motor using voice command etc and demonstrated functioning of VMC, MES, Robots, 3D printer & scanner.

Following committee of students was constituted to demonstrate functioning of various machines to NAAC committee visited on 6th & 7th August 2021, between 11 to 3 pm.

Sr. No.	Name of the student	UG/PG-Yea-Sem	Name of Machine to operate
1	Abhishek Shahu	BE Mech Sem-VII	3-D Printer
2	Harsh Sharma	BE Mech Sem-VII	3-D Scanner
3	Parag Sardey	M. Tech. Robo & Automation	Internet of Things (IOTIF)
4	Animesh Hedao and Syed Hamza Ali	M. Tech. Robo & Automation Sem-II	Yaskawa Arc Welding Robot
5	Md. Saud	M. Tech. Robo & Automation Sem-II	Pick N Place Robot
6	Vaibhav Anasane	M. Tech. Robo & Automation Sem-II	Manufacturing Execution System

## **Competency development and up-skilling Trainings delivered by RCOEM Faculty & Training Instructors:**

Competency development and up-skilling training batches for 3 value adding courses have started at CIIT, which includes Additive Manufacturing & 3-D Printing, CNC programming & VMC operations and Geometric modeling on Catia v6. The students benefitted from the trainings are Mr. Akshay Kolhe (NIT, Nagpur), Ms. Pragati Gajbhiye (NIT, Nagpur) Om Kailaswar, Vedang Joshi and Divesh Kothari (All RCOEM) attended Catia v6 training during 16<sup>th</sup> August – 30<sup>th</sup> Sept. 2021. Dr. Vishal Shukla delivered Additive Manufacturing & 3-D Printing training, Dr. A. D. Urade and Dr. P.S. Deole are the trainers for VMC operations and CNC Programming respectively. Mr. Mayur Patle demonstrated and engaged Hands-on VMC operations. Dr. Vishal Shukla provided learning's on Manufacturing simulation and Generation of G-Codes for CNC & VMC. Mr. Sumit Ramteke, provided training on Geometric modeling through professional and commercial software Catia v6.

## **Completion of Research Project and Consultancy:**

A consultancy project on Mold design, 3-D printing and manufacturing of Padma Kund, Shree Yantra, Diya etc. for an organization, operating in Saunsar, has been completed. Also, Hand press machines (12 Nos) was designed fabricated and delivered. Mr. Anil Dhole, SME TATA Technologies, Harsh Sharma of Sem-VII (Mechanical Engg) & Dr. Vishal Shukla contributed their knowledge, skills and efforts for the first ever consultancy project at CIIT. The final stage of the project was completed on 30<sup>th</sup> Sept 2021.

Dr. Vishal Shukla has successfully completed a challenging 3-D printed project for one of the local Industries requiring assembly of multiple thin shell parts made from Fused Filament Fabrication on Ultimaker 3 extended 3-D printer available at CIIT.

## **Projects being explored at CIIT:**

1. Measurement of Biting force of restored through PVDF sensor & related instrumentation.
2. Thermo-forming of Half-hemisphere of clear acrylic sheet for Robot casing.
3. Manufacturing of bamboo composites.

## RCOEM Technology Business Incubation (TBI)

RCOEM TBI Foundation successfully organized semester long CHANGE MAKERS 2021 event. The program was executed by RCOEM TBI in association with OASIS – The Entrepreneurship Development Cell. The theme of the program is to provide platform for innovation, creativity and design thinking.

The Change makers started on 29th July 2021 and innovative ideas from students on business, product development & social importance were invited.

A webinar on Frugal Innovation: A new Business Paradigm was delivered by Dr. Rupesh Pais on 16<sup>th</sup> August 2021. He discussed about various frugal innovations emerging out of necessity, their journey and impact created. 60 Innovators attended the above program.

Total 64 ideas were submitted by the young innovators. They prepared business plan and 29 Idea/business plan were presented by the students on 3<sup>rd</sup>, 6<sup>th</sup>, 8<sup>th</sup> and 11<sup>th</sup> September 2021.

A panel of faculty members Dr. Rupesh Pais, Dr. Rajiv Khaire, Dr. Uday Mujumdar, Dr. Rajesh Raut, Prof. Pravin Dwaramwar, Mr. Vinay Chawla evaluated the students ideas, business plan presentations and guided them on various aspects.

Prof. Pravin Dwaramwar guided the students on various aspects of innovators journey from idea to business ventures, idea validation, market survey, value proposition, customer discovery on 25<sup>th</sup> September 2021.

Through various activities and initiatives a cohort of 47 students is formed and through RCOEM TBI Activate and Ignite program, in near future students are going to be equipped students to develop an entrepreneurial mindset, become future entrepreneurs and to teach the necessary skills to develop ventures beyond the idea/prototype stage.

## IEEE Events

1. Our Students Malhar Deshkar, Monaco Bhole and Nagesh Udasi winners of IEEE REGION-10 HTA HIGHLIGHT VIDEO CONTEST, their Video was titled “Advanced Touch less Sanitizer Dispenser”.

2. A webinar on “Project based learning – Key for Effective Research Paper writing” was organized on 4<sup>th</sup> July 2021. The speaker of the webinar, Vedant Bahel, Junior Research Assistant at Baker's EDM lab, University of Pennsylvania, made this webinar very interactive. The participants were very curious to know the different techniques which are to be taken care of while writing research papers.

## 2. Departmental Activities

### 2.1 Parents Meet, Alumni Meet and Departmental Installations or Events

A Parent – Teacher Meet was organized by the Civil Engineering Department on September 11, 2021 (Saturday) from 9.30 a.m. to 10.30 a.m. in online mode via Google Meet for the current session 2021-22 (OddSem). The meeting was addressed by head of the department, Prof. P.B. Kulkarni. It was attended by almost all faculty members of the department. This meet received a very good response from the parents of V (Shift I & Shift II), and VII (Shift I & Shift II) semester students. More than 60 parents attended the online meet and interacted openly.

Prof. P.B. Kulkarni briefed the meeting. He discussed all the concerned points about students. He also mentioned about the NIRF ranking of the college which was released few days back. Dr. P.D. Hiwase informed parents about the placement and steps taking by department about improvement in placement. Dr. T.B. Gupta discussed about alumni and involvement in college activities. Dr. P.P. Dahale informed about

framing of syllabus and stakeholder involved in it. Prof. L.R. Gangwani explained all the efforts taken by department pertaining to improvement of industrial training of students. Prof. V.R. Harne informed parents about various committees visited to the college and importance of those committees. Class teacher share the details about Test 1 marks and attendance to the parents. Concerned subject teachers clarified the queries of parents regarding to placement, industrial training etc.

## 2. Departmental Activities

### 2.1 Installation

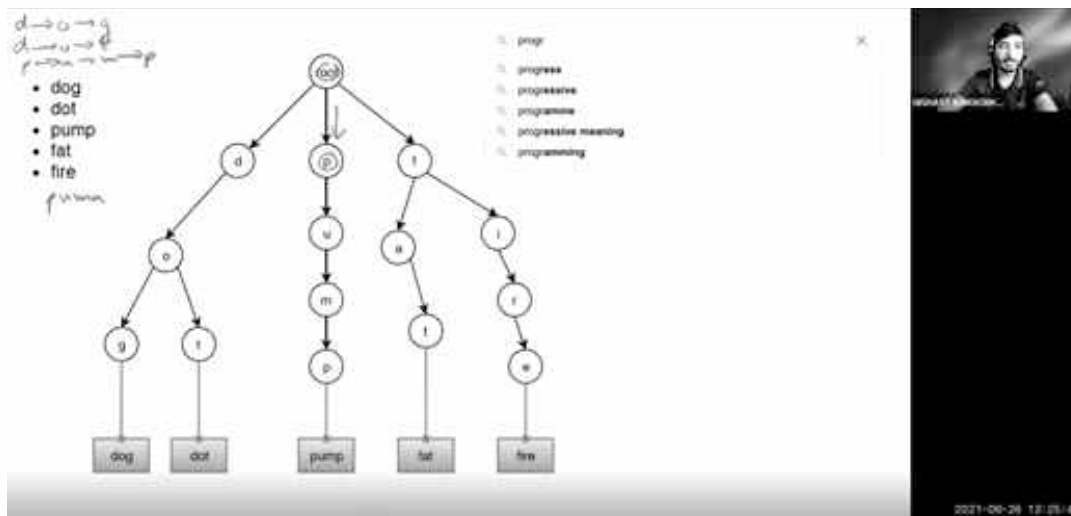

The Student Executive Body for the Session 21-22 for COMPUSYS and following five chapters led by Department of Computer Science and Engineering, ACM Chapter, CSI Chapter, Code Chef Chapter, Google DSC, OASIS - ED Cell was declared in September 2021.

The department has initiated and installed Intel Student Ambassador and Iota Club, led by Sayandeep Ghosh of V semester. The Intel Student Ambassador program aims to allow students to access Intel's latest software,

oneAPI, simplify programming, improve efficiency, and aid innovation on the latest Intel® CPUs, GPUs, and FPGAs using Intel® oneAPI Toolkits. Following students have been selected as the executive members of the club: Ashtavinayak Pande (Content Creator and Problem Setter), Janmejay Rathi (Management), Radha Malichkar (Social Media Manager and content writer), Sameer Mishra (Web Developer) and Lakshita Werulkar (Graphics Designer).

## 2.1 Guest Lecture on “Problem Solving for Placements

A webinar on "Problem Solving for placements" was organized by the RCOEM Code Chef chapter on 26<sup>th</sup> September 2021, 1 PM onwards. Mr. Nishant Khanorkar, MTS, VMWare was the speaker for the session. The main aim of the webinar was to highlight importance of competitive coding in preparation of placements and guidance about paths in competitive programming. The attendees were informed about various platforms and basic information from where to start competitive programming. Doubts of the attendees were also constructively answered at the end of the session. The webinar ended with an interaction with the industry expert. The webinar was attended by 205 participants and was a great success from the responses received from participants and their feedback.

## 2.1 Google DSC Coding Contest

Google DSC RCOEM Chapter, organized a competition on the occasion of Ganesh Chaturthi under the name “Bappa ka Prasad” on 18<sup>th</sup> September 2021, 5pm onwards. This event helped the students to develop their coding skills and programming logic. It was a fun activity contest with lots of learning.

The main objective of the event was to help students get started with competitive programming and give them an introduction to various CP platforms. The doubts of the participants were solved on the communication platform discord. 532 attendees from different colleges attended the event. The event had 15 collaborators, out of which Newton coding Club sponsored the prizes.

The winners of the event were Masahiro Inoue from Japan, Abhishek Angale from RCOEM, Nagpur and Aniket Shukla from LNMIIT.

## 2.1 Parents Meet

Parent-Teacher Meet was conducted on 11<sup>th</sup> September, 2021, 10.30 AM onwards in online mode through Google Meet by Department of Computer Science & Engineering.

The meeting was commenced by Head of Department, Dr. M. B. Chandak. A presentation on students' achievements which included prominent achievements of CSE students, results, placement activities, internships and elevated alumni positions was shared with the parents and students during meeting.

Meet was attended by parents of 17 students. The parents were given the general observation about their wards performance in the Internal Tests and Teacher Assessment by class in-charge and course coordinators. The parents also discussed the problems and suggestions for improvement in the subjects with their respective subject teachers. The parents filled the feedback form and also suggested the various ways of improvement.

### Fireside chat on Overview of Cyber Security

Department of Computer Science and Engineering(Cyber Security), Shri Ramdeobaba College of Engineering and Management, Nagpur, organized a fireside chat on Overview of Cyber Security on Friday, 9th July 2021 from 10:00 am to 11:30 am IST. It was organized on the Zoom online platform. The resource person for the Guest Lecture was Mr. Upendra Mardikar, Chief Security Officer, Snap Finance, USA. Mr. Upendra Mardikar introduced the basics of Cyber Security. He discussed world famous hack cases like colonial pipeline ransomware attack and SolarWinds hack. He talked about the use of artificial intelligence in cyber security. He discussed the opportunities for cyber security professionals in the current scenario. Lastly he discussed possible career opportunities & directions for the students in Cyber Security.

### Webinar on “Artificial Intelligence and Machine Learning: Magic with AI &ML”

A webinar on “Artificial Intelligence and Machine Learning: Magic with AI &ML” was organized on 31st July 2021 from 11:00 am to 12:30 pm through online mode and the session was conducted on Google Meet platform. The Guest Speaker for the event was Mr. Mukesh Joshi, Director: Technology AI & ML Expert, Opus Consulting Solutions, Pune. The webinar was attended by 100 participants including faculties and students. The objective of this webinar was to introduce Artificial Intelligence and Machine Learning to students and provide some practical ways through case studies to think about how to use it in the Enterprise. It is ideal for Data Scientists and Business Decision makers working in large Enterprise businesses looking

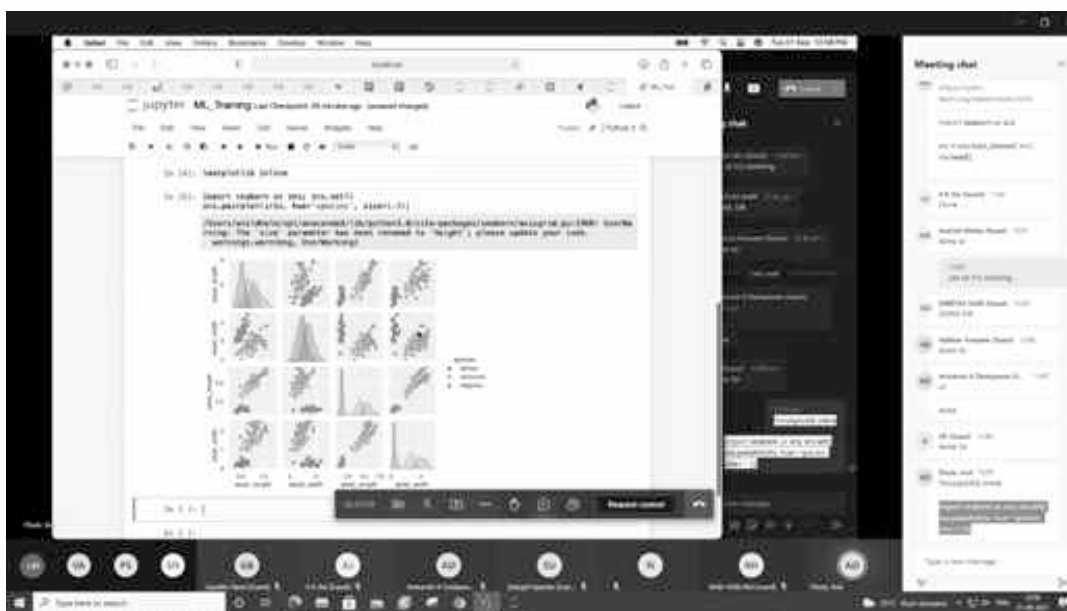

to uncover opportunities to begin an AI/ML project.

## Two Days Training Programme on “Machine Learning”

The Department of Computer Science and Engineering and RCOEM-TATA CIIT in Association with TATA Technologies organized Two Days Training Programme on “Machine Learning” on 21<sup>st</sup> – 22<sup>nd</sup> September, 2021. Dr. R.S.Pande, Principal RCOEM, Dr. M.B.Chandak Head of the Dept, CSE, Dr. Vishal Shukla, Professor In charge RCOEM-CIIT enthusiastically supported the training programme.

The Training programme was coordinated by Dr. R.Hablani, Prof. Sweta Jain and Dr. S.Neware.

Mr. Anil Dhole and Dr. Ishtiaq Khan, Tata Technologies, Pune demonstrated agriculture application -” Selective Spraying for cotton plant using Artificial Intelligence” developed by them using Machine Learning and IOT for Pesticide spray in farms. Hands on session was conducted on various machine learning models on Anaconda framework using Jupyter notebook.

### 2.1 Parents Meet, Alumni Meet and Departmental Installations or Events

#### 1. Parents Meet

Online Parent-teacher meet was organized on **25/09/2021 (Saturday) at 12.00 noon** on Google Meet. Total twenty-two parents attended the meet. Student's class Test-1 and Teachers' Assessment marks and attendance were shown to the parents. The queries of the parents regarding six monthly internship and placement were answered by concerned professor-in charges. Online feedback was taken from parents and analysis was done. It was an overall successful meet which was aimed at the improvement of the overall performance of the students. Glimpses of the parent teacher meeting are shown in following pictures.

## 2. Alumni Meet

An online session on “Carrier Guidance on Higher Studies: An Alumni Interaction” was organized by the Alumni Coordinator Dr. Prachi Salodkar, and EESA Coordinator Dr. Gaurav Goyal on 10<sup>th</sup>, July 2021. Alumni of this department, Mr. Anurag Khergade, Mr. Akash Raj, Mr. Kuldeep Bhalodiya, Ms. Vinisha Choudhary and Mr. Nikhil Yaduwanshi guided the students. The main objective of the session was to enlighten and encourage the students for their higher studies with the experiences of our alumni. Total 120 students from third and final year attended the session. The session was anchored by Om Shrivastava and Shraddha Jain from 4th year Electrical.

The first speaker Mr. Anurag Khergade completed his M.Tech degree in Power Electronics and Power System from RCOEM, Nagpur in 2016. He has submitted his research thesis towards Ph.D. degree for examination at Visvesvaraya National Institute of Technology, Nagpur. Currently, he is working as Assistant Engineer in the Maharashtra State Electricity Distribution Co. Ltd., Maharashtra. His research interests includes multilevel converters, applications of power electronics in power quality, power electronics and drives. He has also guided the students towards pursuing research in the area of their interest.

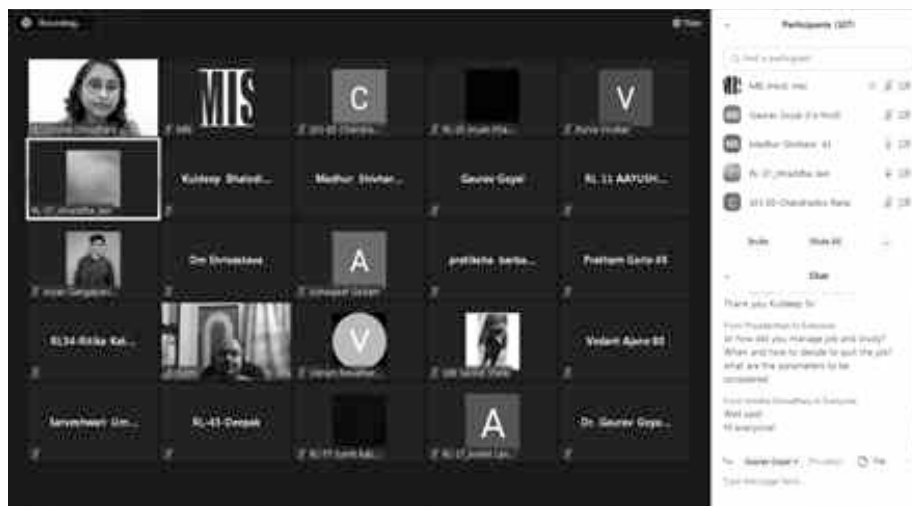

The second speaker Mr. Akash Raj completed his under-graduation from this department in the year 2017. He secured AIR 103 in GATE 2019, got selected in ONGC, PGCIL, POSOCO and Power Transmission of Uttar Pradesh. Currently he is working as Assistant Engineer/Sub divisional officer in Power Transmission Utility, Bijnor Subdivision, UP. He shared his experiences during the preparations for competitive exams and guided the students on preparations for GATE.

The third speaker Mr. Kuldeep Bhalodiya did his BE(EE) from this college in 2017. He was selected in Shapoorji Pallonji and Company Limited. Worked on various projects like, Vallabh Bhavan Project (Bhopal), Givaudan Project (Pune), and Stable Bleaching Plant Project (CH3) (GACL). Currently, he is working as Assistant Engineer in Gujarat Alkalies and Chemical Limited. His session was very interactive with many queries from the students which were answered.

The next speaker Ms Vinisha Choudhary is a UG alumna of this department in 2020. Currently she is pursuing MBA at IIM Udaipur. She got calls from 15 IIM and converted 12 of them including IIM Indore. She wonderfully shared with students how she prepared for CAT. She quoted a line “Failure is the first step towards success and the only thing required is to get out from your comfort zone”. She beautifully explained its meaning and suggested what routine should be followed by the students.

The fifth speaker was Mr. Nikhil Yaduwanshi. He is the UG alumna of 2016 batch. He was placed on-campus in Shapoorji Pallonji and worked there for 2 years as an MEP engineer. His interest towards designing energy efficient buildings brought him to pursue a Masters' specialization in Building Energy Performance where he has been a part of many breakthrough researches and also presented his work on Urban Building Energy Modeling at two international Conferences in Scotland and Italy. He currently works as a Building Physics Engineer at Ramboll and consults on green building practices for the UK market. His interest in research has led to a PhD offer for him from University of Texas at Arlington and will be soon joining there. His major research interests are: Operational Energy Efficiency, Personal Comfort Systems, HVAC system control modelling and fault detection. He is an active member for professional bodies such as IBPSA USA and ASHRAE. He enlightened students with the knowledge of green building effectively.

The session was very interactive and ended with vote of thanks proposed by Dr. Prachi Salodkar. Glimpse of this alumni meet is shown below.

### 1. Report on Guest Lecture

Department of Electrical Engineering has organized a Co-Teaching Lecture (online) on “Real and Reactive Power Control in Power System” on Saturday, 25<sup>th</sup> Sept. 2021 by an industry expert. The speaker was Mr. Karthik P.U., Manager (Electrical) GAIL (India) Ltd. With an experience of more than 9 years in commissioning and maintenance of Generators and Power Transformers, he also deals in SCADA, Relay Co-ordination and system troubleshooting.

The lecture was arranged for V-semester students, covering one of the topics of the course: Power System-I. 63 students got benefitted. It was organized and co-ordinated by Dr. P.V. Kapoor. Glimpse of this lecture is shown below.

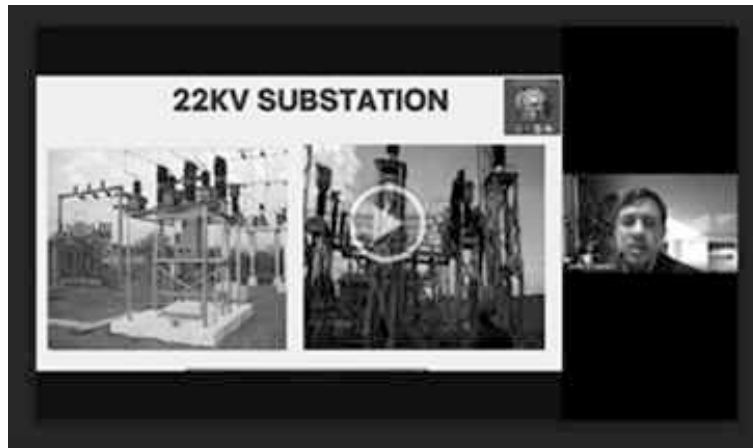

## 2. Career Defining Session on “Road to Government Jobs for Engineering Students”

The Electrical Engineering department organized a Career Defining Session on “Road to Government Jobs for Engineering Students” by Mr. Pankaj Garg, Engineers Academy Nagpur on 03rd September 2021 under the aegis of Electrical Engineering Students Association (EESA). The event witnessed the participation from students of BE Fourth year, BE Third Year and M.Tech First Year the department. In this lecture, audience got an insight on different Government jobs available in Electrical Engineering with complete details like procedure of selection, pay scale etc. About 78 students attended the lecture. The faculty coordinator for the event was Dr. Gaurav Goyal. Glimpse of this event is shown below.

## 3. Online guest lecture on “High Voltage Testing of Electrical Apparatus”

An online Co-teaching lecture on “High Voltage Testing of Electrical Apparatus” was organized on 18<sup>th</sup> September 2021. This lecture was organized as a part of syllabus of the course: High Voltage Engineering (EET 451). It was conducted by the industry expert Mr. Santosh Kaware, Additional Executive Engineer (Operations) at Maharashtra State Load Dispatch Centre, MSETCL, Airoli, NaviMumbai. The final year students were attended the lecture. Glimpse of this lecture is shown below.

## 2. Departmental Activities

### 2.1 Parents Meet, Alumni Meet and Departmental Installations or Events

#### Parent-Teacher Meet Session 2021-2022 (Odd Semester)

Parent-Teacher meeting of the department was held on Saturday, 18<sup>th</sup> September 2021, through Google meet at 11.00 AM. The Meeting was chaired by Dr.(Mrs.) A. A. Khurshid, Head of department. Dr. (Mrs.) R.S.Ochwar, Coordinator- Second Shift and Faculty members of the department were present.

Dr. (Mrs.) A. A. Khurshid apprised the parents about various efforts and initiatives taken by the department for the academic progress of the students during this global pandemic and the use of different pedagogical approaches for effective teaching-learning. She appreciated the efforts and support of the parents in these testing times.

Prof (Mrs) Smita Daware- Academic coordinator briefed the academic policy and shared the Programme Outcomes with the parents. The performance of the student in the assessments conducted was shared with the

parents by respective class teachers. The effort required to improve the academic performance of their ward was discussed by the respective subject teachers. Students were advised to regularly interact with the concerned course teachers for getting academic inputs so as to facilitate them for better performance in the examination.

Prof Sandeep Pandey-T&P Coordinator informed the forum about the efforts taken by the department to prepare the students for placement drives. He also discussed the Training Calendar, Placement Statistics and Research Internship opportunities' and career opportunities ahead.

The Parents expressed their satisfaction over the efforts taken by institute and the department in this pandemic period. Dr B.M.Hardas, Coordinator, Parent-Teacher Meet conducted the proceedings of the meeting and proposed a vote of thanks.

## Students' Corner

### ENGINEER'S DAY CELEBRATION

Electrolitz, the students' society Department organized an offline-online event to celebrate Engineers' day on 15<sup>th</sup> September 2021. The event started with Saraswati Vandana followed by a short glimpse of Sir M Visvesvaraya's life and his achievements.

Mr. Rishabh Thadani and Ms. Shruti Upadhyay, the anchors for the event highlighted the role of engineers in the development of society. The achievements of research Scholar and alumnus were mentioned to motivate the students.

On this occasion alumni Mr. Likhith Agrawal and Ms. Alisha Nathani, of 2017 batch were felicitated by Dr. (Mrs.) A. A. Khurshid Head Department. The alumni developed an Vaccine Tracker App for searching the COVID'19 vaccine centers with availability of vaccine slots and also promoting and nurturing reading habits amongst people during pandemic time by starting a novel concept called "Library on Wheels".

The alumni interacted with the students and acknowledged the support they received from the department and faculty members in their initiation as well as motivated them to aim big and then strive hard for it in life.

An online quiz "Engineer's Trivia" was also organized using online platform "kahoot" wherein questions were asked to the participants pertaining to contributions made by engineers in society. Around 120 students from e-branches from the institute registered and participated in the quiz competition.

## Career Counseling Cell

Following activities were conducted under the Career Counseling cell in the department :

1) Webinar on "Career Day | Higher studies & Job opportunities in United States of America" on 4th of July 2021 at 9:30 AM to 10:30 AM (IST). Mr. Abhijeet Gupta, Master's In Computer Science. Research Assistant and Teaching Assistant of Advanced Intelligent Systems and Deep Learning at University Of Dayton, Ohio were invited as the speaker for the webinar. He is an Alumnus of EN Dept, RCOEM, Batch 2019.

He presented and discussed relevant issues for Transition from Electronics to Computer Science stream, Education System and Life in the USA, Visa Processing, Education loan, Application and Admission, Standardized Test Preparation and Country, Course & University Selection. Around 80 students attended this webinar. [Webinar recording link: [https://youtu.be/u\\_GNFbtaLSo](https://youtu.be/u_GNFbtaLSo)]

2) Webinar on "Digital Transformation through Cloud" on 13th of July 2021 at 6:00 PM to 7:00 PM (IST). Ms. Nidhi Sinha, Data and AI Business Head- South EC Microsoft was invited as the speaker for the webinar She is

an Alumnus of EC 2009, RCOEM.

She presented and discussed Fundamentals of Cloud, Need of migration to Cloud, Pandemic Hit Digital Transformation, Overview of Data and Analytics platform and services. Around 35 participants (students, academicians & industry persons) attended this webinar. [Webinar recording link: [https://youtu.be/9\\_AdZBbHCcM](https://youtu.be/9_AdZBbHCcM)]

3) Webinar on "Writing a research article: advice to beginners" on 24th of July 2021 at 2:00 PM to 3:00 PM (IST). Dr. Suresh Balpande Assistant Professor-Electronics was invited as the speaker for the webinar. He presented and discussed Primacy of the research question, Structure of the research paper, Reference managements and tool useful for research paper writing. Around 30 participants attended this webinar. [Webinar recording link: <https://youtu.be/kCmuP8yBBj4>]

4) Webinar on "Time to meet your best version" on 14th of August 2021 at 4:00 PM to 5:00 PM (IST). Mr. Vinay Chawla, Motivator & Facilitator Founder, Enlighten the Soul ([enlightenthesoul.org](http://enlightenthesoul.org)) was invited as the speaker for the webinar. He is an Alumnus of EC 2012, RCOEM. He presented and discussed on topics like Motivational booster, Breaking the comfort zone, Short term - long term goals, Peer comparison, Finding your best version. Around 35 participants (students, academicians & industry persons) attended this webinar. [Webinar recording link: <https://youtu.be/h1481IQqlcA>]

5) Webinar on "Free Education and Job Opportunities in Germany" on 11th of September 2021 at 3:00 PM (IST). Ms. Vasudha Potdar, Design for Test Engineer for Infineon Technologies AG at Chipglobe GmbH was invited as the speaker for the webinar. She is an Alumnus of EC, 2018, RCOEM. [Webinar recording link: <https://youtu.be/5Y3ka5bIrTY>]

## Placement

The department is striving hard to provide the placement opportunity to the students in organizations of repute having diverse area of work like Business Intelligent IT enabled Service, Internet of Things, Computer Networking, Data Management, Data Science, etc. 160 students from the department are placed in these domains.

## 2.3 Student Achievements

### RCOEM, Nagpur among top 30 Finalists of the Swadeshi Microprocessor Challenge

Sangeeta Palekar

The **Spectro Processor** team of Centre for Microsystems, **Shri Ramdeobaba College of Engineering, Nagpur** has been shortlisted amongst the **top 30 finalists'** of **Swadeshi Microprocessor Challenge** an initiative by **MeitY, Ministry of Electronics and Information Technology** under **#AatmaNibharBharat Abhiyan**.

The team consists of Ms. Sangeeta Palekar Sammanwar, Research Scholar, Electronics Engineering Department, faculty mentors Dr. (Mrs.) Jayu Kalambe (RCOEM, Nagpur) and Dr. Rajendra Patrikar (VNIT, Nagpur). The team is working on the project titled “Design and development of Spectro Processor for Biomedical Applications”, The project focuses on the development of fully indigenous blood analysis platform around swadeshi processor core and overcome the hardware dependency of existing instruments by providing software-based solutions.

The Swadeshi Microprocessor Challenge provides impetus to the strong ecosystem of start-ups, innovators & researchers in the country. Under this challenge Swadeshi Microprocessors were made available under Microprocessor Development Programme initiated by MeitY by IIT Madras (Shakti processors) and C-DAC (Vega processors) on FPGA Boards of XILINX, to promote a culture of innovation and entrepreneurship by innovating frugal solutions around home-grown processor ecosystem catering to both global and domestic requirements.

Total 6169 teams (about 10,024 Participants) had registered for the challenge, out of which 1200 qualified for the quarter final, 100 teams were selected for the semifinal and now 30 have reached final round. Rs. 1 Lakh was awarded to the team qualifying at semifinal stage and now will be awarded **with Rs. 4 Lakhs for prototype development**. Top 10 team will be awarded with 23 Lakhs for product development and 12-month incubation support. The **Spectro Processor** team of Centre for Microsystems, **Shri Ramdeobaba**

## Departmental Activities

### Parents Meet

Department of Electronics and Communication Engineering organized a Parent-Teacher Meeting for the session 2021-22 (ODD Semester) on 11<sup>th</sup> September 2021. Parent-Teacher Meeting coordinator welcomed the parents in the online Google meet and emphasized on the need of developing an enhanced communication between parents and faculty to serve as a bridge in fulfilling expectation of parents and students especially during this online mode of teaching. Dr. D. J. Dahigaonkar, HOD EC addressed the gathering conversing about the various curricular and extracurricular activities conducted by the department before and during this online mode of teaching. He especially addressed the parents about the support mechanisms and activities carried out to fulfill overall development of the students. A brief review of academic activities, teaching learning process and learning outcomes were also included in the discussions. Moreover a brief review of the various activities and schemes offering support to students for ensuring student progression in academics, placements formed a segment of this discussion. The schemes offering counseling to students were also discussed. Parents were also made aware about the academic and exam rules, guidelines and provisions of the college especially for the online mode of teaching by the HOD.

The enthusiastic parents showed keen interest in the meeting. Parents disclosed their satisfaction regarding the culture and atmosphere prevailing in the department and talked about their queries related to the academics and personal growth of their ward. The parents profoundly enquired and discussed about the activities of the department towards preparing students for higher education, placements, internship and overall development. The parents also asked to explore ways where in the assessment/tests submission can be exempted with time submission bounds so that network glitches can be overcome.

Report of Parent Teacher Meet

Department of Electronics Design Technology was organized online parent teacher meet on 18<sup>th</sup> September, 2021. In the beginning Prof. Anju Gupta, faculty Incharge, welcomed all the parents and communicated the aim and objectives of the meeting along with PEO's and PO's. Dr. (Mrs.) A.A. Khurshid, Head of the Department, thanked and appreciated all the parents for their cooperation and support during this pandemic situation. In her address, she has explained various pedagogical approaches used by the faculty for effective teaching learning. She requested the parents to ensure that students attend the classes regularly. Prof. Jitendra Zalke presented five years placement records of EDT students. Some of the queries by the parents regarding placement and internship were also answered by Prof. Jitendra Zalke.

After the address by head of the department, parents have interacted with the class teachers telephonically. During this interaction attendance and test performance was shared with the parents. Parents were also requested to submit the feedback. All the faculty members were present on the occasion.

## **Report of student society Installation**

The Annual installation function Ethereal of GENESIS- student society of EDT department was organized on 21<sup>st</sup> September, 2021. The installation was organized online on Google meet platform due to the pandemic situation. Dr. Amol Bhondekar, Scientist-F, Central Scientific Instruments Organization, Chandigarh was the chief guest on this occasion.

The program began with Saraswati Vandana. As the function was carried out online, Saraswati Vandana's audio was played in the background and the presentation made by the students was shown on the screen. Yogeshwari Patil, Syed Ali and Simran Vanjani welcomed our chief guest. The chief guest was introduced about the department and Genesis activities. All the faculty members were also introduced on the occasion. The Genesis body for the academic year 2021-22 was formally installed and the names of the committee members were also announced.

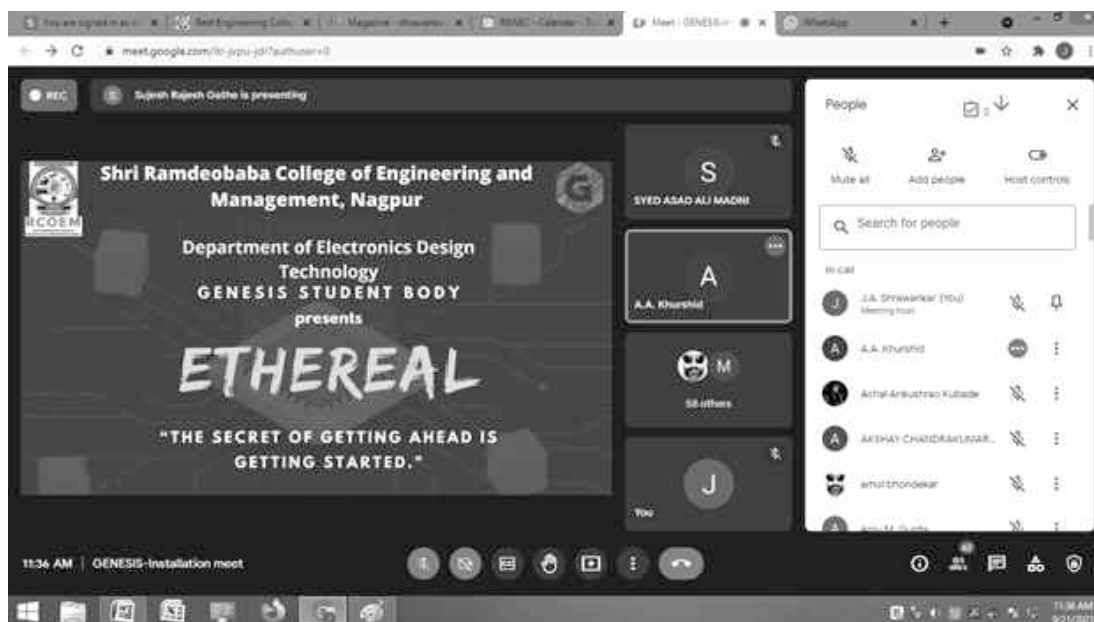

Mr. Sarthak Srivastava, President Genesis 2021-22 gave a brief review of the activities conducted in the previous year. He also highlighted the tentative plan of the events planned this year.

Dr. J.A. Shrawankar, Genesis faculty in-charge introduced the chief guest to the audience. The program then followed by key note speech by Mr. Dr. Amol Bhondekar. He shared the struggle he faced in the beginning of his career. In his message to the students, he advised all the students to give priority to good mental and physical health which intern gives good wealth and bright future.

Dr. (Mrs.) A.A Khurshid, HOD, EDT in her address redefined the meaning of PhD as Passion, Hunger for knowledge and Discipline in the life make once career as successful. She also encouraged the students to take part in various intra and Inter collegiate events and to use the platform of Genesis for overall personality development.

On this occasion our departments magazine Exorior-The rise of EDTians was launched by the hands of our honorable chief guest. The google drive link was shared to the chief guest and he shared his screen to launch the magazine. Then, Minal Rewatkar, Literary Head Genesis, introduced the magazine to the students and faculty members and told about the contents in magazine.

Samiha Keskar joint Secretary, Genesis proposed the vote of thanks. She thanked honourable chief guest and all the faculty members to make the event a success. It was all together a very good coordination seen among the students which were appreciated by everyone. Even during this tough pandemic situation, the event was organized online and all the students worked whole heartedly to make this event a grand success.

## Report of T & P awareness program

**GENESIS STUDENT SOCIETY** had organized interaction of 3<sup>rd</sup> year EDT students with Final year placed students on 30<sup>th</sup> September 2021. The objective of this interaction was to get awareness about the selection process adopted by Various Companies, Aptitude round, Technical round, HR round and how to prepare for coding.

The interaction was focused on

- Selection procedures adopted by companies and their paper patterns
- paper pattern and the estimated cut-off
- interview experiences of both rejected as well as selected candidates
- common mistakes by candidates
- resources used for placement preparations

At last, question answer session was conducted where in 3<sup>rd</sup> years students asked their doubts. Nachiket Mairal, Shivkumar Yadav and Krutika Paliwal delivered this session.

### *Webinar on Scope in Data Science*

On 24th September, the Industrial Engineering Society (IES) organized a webinar on "Scope of data science." The speaker Prof. Pooja Umathe (Machine learning Engineer at Microsoft and data science) professor at Saint Peter's University addressed the students on the importance of data science. She spoke about how machine learning is an eminent part of data science and the role data science plays in artificial intelligence (A.I). She explained in detail how data science is changing the world and its importance in various industries. She concluded her presentation with the career opportunities in data science. At last, Shantanu Awachat (Secretary IES) gave vote of thanks.

## Webinar on Instruments for Aircraft System

## *Webinar on Instruments for Aircraft System*

On 25<sup>th</sup> September 2021, The Industrial Engineering Society (IES) organized a webinar on "Instruments for Aircraft System." The speaker, Prof. Harish Kutemate, Flying Officer is a member of National Council and the Board of Examination, Indian Institution of Industrial Engineering (IIIE), Mumbai. He has done his Graduation (BE) in Electronics Engineering & Post Graduation (M-Tech) in Industrial Engineering from RCOEM (RTM Nagpur University). He got commissioned in IAF (NCC) as Flying Officer and is presently posted at No. 2 MAH AIR SQN, NCC Nagpur as Associate NCC Officer and Asst. Prof. in the Department of Management in Real Institute of Management & Research, Nagpur. Dr. Yogesh Deshpande, IES, Prof in charge, and Arya Lokhande introduced the guest to the participants. In the beginning, he explained various concepts behind flying an aircraft with instruments and sensors, the importance of Sea-level for determining the altitude of aircraft, and then he concluded his lecture with the influence of these instruments on flight behaviour. He also motivated the students to join the INDIAN AIR FORCE. The webinar concluded with the Vote of Thanks given by Dr. Yogesh Deshpande (Prof in charge) and Shantanu Awachat, Secretary IES.

## Parent Teacher Meet

The Parent Teacher Meet for VI and VII semester was held on Saturday 11/09/2021 from 11.00 am to 1.00 pm in the department of industrial engineering in online mode. 16 parents attended the parent Teacher meet. The following agenda was discussed with parents:

- ✓ Students' academic performance in examination (Test-I and Assessments)
- ✓ Student's attendance in class.
- ✓ Student's activities in last 6 months
- ✓ Students' placement and guidance related to higher studies.
- ✓ Student's internship

An online feedback was taken from each parent covering different aspects of teaching learning adopted by the department along with the suggestions.

The Parent Teachers meet was organized by the Department of Information Technology on 18th September, 2021 for V and VII semester IT. The academic Performance of the students was discussed with the Parents. Handouts were provided that highlighted the achievements of the students, staff and the activities organized by the Department. Dr. D. S Adane, Head of the Department took the feedback and suggestions of the parents for overall improvement of the department.

Student Society of Information Technology (SSIT) in association with Rotaract club of RCOEM organized a “Defeat diabetes campaign” in which blood sugar level along with the blood pressure was checked for free on 29th September 2021. It was held in IT department for all the teaching & non teaching staff of RCOEM College. A total of 175 tests were done in the college campus. The testing begun at 12 noon and the campaign was over by 3.30 pm. Rotary international had organized this project which was an Asia Book of Records content holder. The aim was to complete 1 million tests in one day across the country in which SSIT contributed by providing a venue in the IT department.

## Fivetran, owned by Labhe from city, to acquire HVR

- Announces \$565 Million in Series D Funding
- Fivetran is owned by Vikram Labhe, the alumnus of Shri Ramdeobaba College of Engineering and Management and Saraswati Vidyalyaya, a State Board school.
- Principal Correspondent

FIVETRAN, the leading provider of automated data integration, on Monday announced it has entered into a definitive agreement to acquire HVR, a leading provider of enterprise data replication technology of United

States. Fivetran is owned by Vikram Labhe, a Nagpurian, the alumnus of Shri Ramdeobaba College of Engineering and Management and having school education from Saraswati Vidyalyaya, a State Board school.

Vikram Labhe

The acquisition will allow Fivetran to provide breakthrough database replication performance along with enterprise-grade security to address the massive market for modernizing analytics for operational data associated with ERP systems, Oracle databases, and more.

Fivetran also announced it has raised a \$565 million Series D round, consisting of new and

existing investors. Andreessen Horowitz (a16z) led the round with participation from existing investors General Catalyst, CEAS Investments, Matrix Partners, and others, along with new investors ICONIQ Capital, D1 Capital Partners and YC Continuity. Fivetran has raised \$730 million to date. The company is now valued at \$5.6 billion.

The combination of Fivetran and HVR complementary technologies will accelerate Fivetran's mission to make access to data as simple and reliable as electricity.
